1 11 following:
1 12 <Sec. _____. NEW SECTION. 15G.120 BIOREFINERY
1 13 TECHNOLOGY PROJECTS PROGRAM.
1 14 A biorefinery technology projects program is
1 15 established in order to assist persons engaged in the
1 16 research, development, and commercialization of
1 17 integrated biorefinery technology projects. As
1 18 determined by the renewable fuel infrastructure board,
1 19 a project must further the production of liquid
1 20 renewable fuels and other high-value coproducts that
1 21 use nonfood agricultural crops as biofuel stock.
1 22 1. An application for an integrated biorefinery
1 23 technology project must be filed with the department
1 24 as required by the department and must at a minimum
1 25 include all of the following:
1 26 a. A business plan that demonstrates managerial
1 27 and technical expertise.
1 28 b. A fundraising plan that demonstrates private
1 29 investment contributions and possible federal
1 30 government contributions.
1 31 c. The probability of the future creation of new
1 32 high-quality jobs.
1 33 d. The probability of improvements to the
1 34 environment.
1 35 e. The probability of reductions in fossil fuel
1 36 use.
1 37 f. The use of research or technology developed in
1 38 this state by a college, university, business, or
1 39 governmental agency.
1 40 g. The potential for further technological
1 41 development in this state.
1 42 h. The feasibility that a proposed biorefinery
1 43 will remain a viable enterprise in the state.
1 44 i. Any other component that the Iowa economic
1 45 development board determines to be reasonable and
1 46 necessary to promote the viability of the project and
1 47 further the public interest.
1 48 2. The renewable fuel infrastructure board may
1 49 establish terms and conditions for the allocation of
1 50 the moneys.>
2 1 #3. By renumbering as necessary.
